PREPARE YOUR AUTHORIZATION

Power of attorney. Clear instructions. Complete details.

Use page 2 to authorize the stated customs activities. Complete all applicable fields, review the scope, and arrange signature by a person with authority to bind the grantor. Retain both pages together.

01 **Importer identification** Enter the EIN or CBP-assigned importer number used for the transaction. Provide a personal tax identifier only if applicable and requested through a verified secure channel.

02 **Entity type** Select the legal form of the grantor. Use the registered legal name rather than only a trading name.

03 **Grantor name** Enter the complete legal name of the individual or organization giving the authorization.

04 **Jurisdiction** Give the state and country of formation or organization; for an individual, give the jurisdiction of residence.

05 **Address** Provide the complete principal business address, or legal residence for an individual, including postal code and country.

06 **Partnership details** List the partners as required, using an attachment if needed. A limited partnership must include its partnership agreement and identify the general partners authorized to bind it.

07 **Expiry** An optional expiry date may be entered. Partnership authority expires no later than two years after signature. Other authority continues until the stated expiry or effective written revocation.

08 **Optional export authorization** Check the box only if the grantor is the U.S. Principal Party in Interest (USPPI) and intends to authorize the stated export filings. Routed export arrangements require separate review.

09 **Printed signatory name** Identify the individual signing for the grantor. Provide evidence of authority if requested.

10 **Capacity or title** State the signatory's role, such as owner, partner, officer, or authorized manager. Nonresident corporations may need additional supporting authority documents.

11 **Signature** Sign using an accepted signing method. A typed name in the printed-name field alone is not the signature. Do not predate execution.

12 **Signature date** Enter the actual execution date in MM/DD/YYYY format.

Before signing Confirm AGILE's complete legal identity and business address in the broker section. Execute this POA directly with AGILE. Ask your verified contact how to return it securely; this website does not collect signed forms. The final form should be reviewed by qualified U.S. customs counsel before operational use.

NOTICE TO IMPORTER - 19 CFR 111.29(b)(1)
If you are the importer of record, payment to the broker will not relieve you of liability for customs charges (duties, taxes, or other debts owed CBP) in the event the charges are not paid by the broker. Therefore, if you pay by check, customs charges may be paid with a separate check payable to the "U.S. Customs and Border Protection" which will be delivered to CBP by the broker.
